# How to open Scrum Process Canvas

Perform the steps below to open the Scrum Process Canvas, the [scrum tool](#). You may try the steps interactively by visiting the [interactive product tour](#).

1. The Scrum Process Canvas can be opened via the toolbar. Select **Agile > Scrum Canvas**.

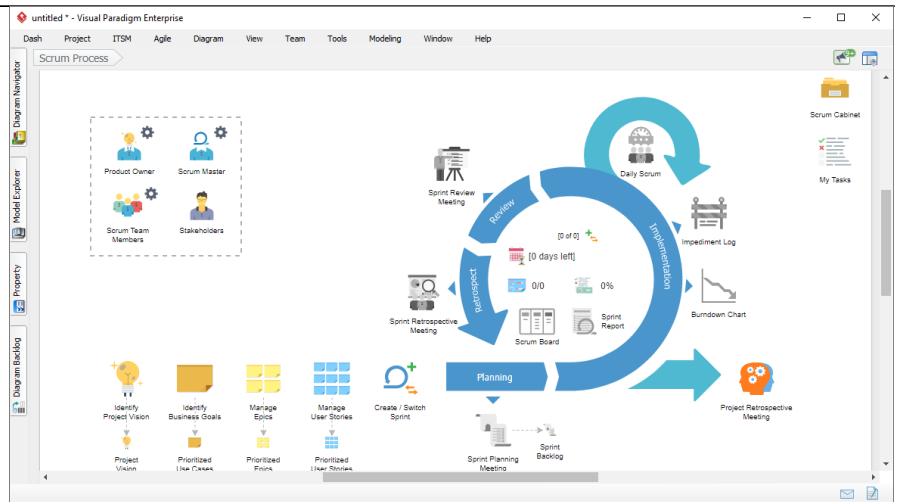

2. You have to sign up a VP Online workspace in order to continue. Click **Sign up** to proceed, or click **Setup** under **Local Workspace** if you want to evaluate this feature without creating an online workspace. If you already own an account, click **Log-in** to

3. The **Scrum Process Canvas** is opened. You can start working by clicking on individual

connect to it.

work items on the canvas.
